

Tender Heart High School, Sector 33-B, Chd.
Notice Regarding- Traffic Regulations

Dear Parents,

Dated: 26.04.2024

A meeting was held on Monday (15.04.2024) between Education Department officials and Traffic police officials on one side and representatives of schools on other side.

Among other points the Traffic police officials instructed the schools to ensure one way flow of traffic at their respective school gates during arrival and departure of students of the school, and to request parents not to be reversing or taking a U turn on the main road servicing the school.

In practical terms many parents of our school having found reversing their vehicles right in front of the school main gate which is not only dangerous but also a hindrance to the free flow of vehicular traffic. As a result of this unregulated traffic, the time of many parents is wasted.

The site map of the school is enclosed below as Figure A and the proposed route for vehicular traffic is marked in bold, Essentially the parents will be driving up from the Government Middle School then stopping at the school gate to drop or pick up their children. This also means that all the vehicles of the parents will be on the left side of the road and where school sub-staff and staff are readily available (present) to assist your child into the school.

The stoppage time of parents should not exceed 30 to 45 seconds. Thereafter the parents may kindly drive onwards on the left side of the road and go pass the Community Centre and then the Terraced Garden and thereafter go on the road/roads towards their destination.

This may kindly be implemented from Monday (29-04-2024) onwards.

Thanking all the parents for their co-operation in the matter.

Principal
