

Tender Heart High School, Sec 33-B, Chd..
Notice regarding - School's support to Ukraine

03.03.2022

Dear Parent/s,

As the parents would already be aware of the **Ukraine - Russian** issue wherein Russian forces have invaded (in an attempt to capture) the peaceful country of Ukraine and in the subsequent invasion there is not only much physical destruction due to bombing, shelling, etc. but also death of humans, severe disruption of daily life of Ukrainian people and which can otherwise be attributed singularly to the aggressor - being the country of Russia, as led by its President - Vladmir Putin.

In the circumstances as above - apart from the support which the country of Ukraine has got from the entire other world, your child's school in conveying the sensitivities of the students/children of the school, their parents, as also the staff of the school, and in offering sincere moral and ethical support to the people of Ukraine have put up a banner on the school website www.tenderheartschool.in as follows:-

‘We stand with Ukraine’

...being in the back-drop of colours of the national flag of the suffering country Ukraine (strong Azure and Yellow).

This is for the information and knowledge of the parents and students who may check the school website as above mentioned.

Principal
