Winter uniform as per School Diary Session 2023-24 page no. 20, 21 and 22.

Word of Caution

From the current date to the applicability of winter uniform from 6th Nov. 2023 there may be days where it is chilly (cold) in the early morning (of the day). Parents may like their child to wear light winter clothing like leggings, inners or jacket (and therefore are permitted). This is as per the requirement of the child and what the parents deem fit at their own discretion.

As in early winter- morning times there is a slight chill but as the day progresses there is a considerable increase in temperature and therefore parents are requested not to over - clothe their children. Due to wearing of excess warm clothes there have been nose bleeding cases in many a children in the past years and parents may take their own wise decision in this regard.

All clothing (especially winter clothing) may kindly be properly labeled/marked with child's name or Admission Number (or both).
