In the lesson Means of Communication we will learn about communication. The act of sending and receiving message is known as communication. There are different means of communication like letter, telephone, mobile, computer, radio, television, newspaper etc.

We can send SMS through our mobile phones in the form of text messages.

Internet is the fastest means of communication and through internet, we can get the news, send e-mail and search information.

All means of communication are useful to us. They help us to listen, talk and see the people and things all over the world.

★ Back exercises will be done.

★ Scrap Book Work: Collect pictures of different means of communication and stick them.
