Two Friends

It is the story of two friends, Willy, the goat and Dicky, the sheep. They went into the forest one fine morning and started playing hide & seek. Dicky closed her eyes as Willy hid first. Dicky opened its eyes and saw a wolf. She got afraid by seeing it.

Willy told her not to be afraid of the wolf. Willy got an idea. She asked Dicky to pretend to be one animal with two heads by standing close to her.

The Wolf told the goat that he likes goat meat. And suddenly Dicky appears and the wolf got shocked. On this, Willy, The goat told the wolf that she has two heads. The head is good, it eats only grass, But her other head eats animals. It likes wolves. And On this, Dicky, the the sheep felt hungry of smelling a wolf around.

The wolf was afraid. He ran away quickly. Dicky and Willy laughed. As they had won. Two heads are better than one.
