

Date: 22.7.2024 Teachers: Mrs. Harminder Kaur, Mrs. Navjot KaurTopic: Types of Houses

In this assignment we will learn about "Types of Houses".

Children it is well said
East or West
My home is the best.

Our house protects us from : heat, cold, rain, thieves and animals.

There are ^{two} different types of houses ~~like~~ Kutchha Houses and Pucca Houses.

Kutchha houses are weak houses. These are made up of mud, wood, bamboo, leaves, sticks. They are found in villages. A hut is a common kutchha house.

Pucca houses are strong houses. These are made up of bricks, cement, iron and steel. They are found in towns and cities.

There are many other kinds of houses.

A tent is a movable house. It is made up of canvas. These tents are used by campers.

A houseboat is a house on a boat. It is also a movable house. Houseboats are found in Kashmir and Kerala.

An igloo is made up of ice and snow. These are found in very cold places.

People who live in igloos are called Inuits.

A caravan is a movable house. It is called a house on wheels. Gypsies are people who move from place to place in caravans.

A Stilt house is a house built on poles. Such houses are mostly found in rain and flood-prone areas.

Scrap File Work

Make A House using Ice cream sticks and fallen leaves.
