Children,

In today's Art Lesson we will learn how to draw an apple.

Things to remember

1. Drawing File
2. A Sharpen pencil
3. An eraser
4. Only plastic Crayons

Children first we will draw a circle, then draw a wave in the top half part of the circle. Draw a wave in the bottom of the circle. Draw a small curve under the top wave like pattern. Draw a stalk and a leaf. Colour it red.

Important : Children, after drawing do the outlining with the black crayon. So, children remember An Apple A Day Keeps The Doctor Away.
