

## Being Eco-friendly

We must care for our environment in every way possible.

Here are some children talking about their habits. Put a tick (✓) in the circle next to the children who are eco-friendly, and a cross (X) in the circle next to those who are not.

1.

Let the tap water run while you brush your teeth.

2.

Use only paper and jute bags. They do not pollute the Earth.

3.

Eat junk food. It is yummy!

4.

Let's throw the trash in the water. No one will notice!

5.

I like plucking the leaves and flowers from trees all the time.

6.

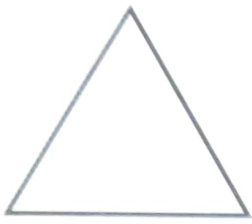

Take a bath instead of a shower. It wastes less water.

# Shapes
