II Comprehension

Seeds on the move.

Seeds come from plants. When seeds are ripe they leave the plants and find a new place to grow. Seeds are of many shapes and sizes. Seeds move in different ways. Some are moved by the wind. These seeds are small and light, when the wind stops, these seeds fall. Some seeds are moved by animals and some seeds are moved by water. When the seeds stop moving, they can start growing and slowly grow into new plants.
