Good morning students

Students this lesson is for Class III for the subject of English Literature in which Ch-22 Happy Days is covered and is being submitted to you on 23.12.24

The children were sitting on the trunk of tree by the tall trees with thin branches. Leena told the other children that it was her happy day and showed her new bow on her braid. Tanya said that it was her happy day too and showed them a big box of crayons. Similarly, Varun showed everyone his fishing rod. Mohit showed his shirt with long sleeves. Sahil listened but said nothing. When Leena asked him, he said that he saw some flowers in the woods. It was late at night but the flowers were full of light. Everyone started laughing at him. They all thought that he was silly. Then Sahil said that he had seen snow in the winters on the roofs. When the sun was shining, the roofs were blue on one

side and pink on the other side. The other children were not convinced by Sahil. Again Sahil told them that he saw some fish in a puddle. Everyone made fun of him. But he continued that there was a puddle under the apple tree after the rain. It was as blue as ^{the} sky. The sun was shining on it. The wind ⁺ was blowing. The water kept shivering and then he saw silver fish in it. Everybody thought that he didn't have any happy days. But Tanya thought in the other way. Actually Sahil found happiness in every place.
