Chapter-5 → Fun With Paint

Good Morning Students,

Students, this lesson is of Class 3 for the subject of Computers, Topic - 'Using Colour Picker tool' which is covered in Chapter-5, starting on page No. - 58 of your text book, titled - Kids-logic 3 and is being submitted to you on 11.11.24

- All the students, May Now Please open page No. - 58 in front of them.
- I hope all the students are ready for today's lesson, So let us start with topic - 'Using Colour Picker tool'.

Children, All of you know about fill with colour tool and how to use this tool. In today's assignment, you are going to learn about colour picker tool. Colour picker tool is like a dropper that we use sometimes to take liquid medicines. You can see this dropper or colour picker tool in figure-5.3 present in your book on page no. - 58.

Chapter-5 → fun with Paint

With the help of this tool, you will select a colour from an existing object and fill it into any other object. We will follow the given steps for the use of this tool.

1. Draw any shape - like a rectangle is drawn in your book in figure - 5.3
2. Select fill with colour tool and fill colour in the rectangle.
3. Draw another object - like a circle is drawn in figure - 5.3
4. Now, select colour picker tool
5. Click in the rectangle shape to copy the colour
6. Now, Move the mouse and click inside the circle.
7. The same colour will be in circle.

Students, Next topic is present on page No - 58 in your book and the topic is -

→ Modifying a Picture :- Students, the word Modify means to make any type of change in the picture like - copying, moving, deleting etc. All these options are present on Home tab. You can also select different

Chapter-5 → Fun With Paint

* Students, Now we are going to study the next topic present on page no- 58 in your book. And the topic is:-

→ Selecting a Picture:- Students, for selecting a picture or any part of the picture, we always use select tool present on Home tab. There are two types of selection tool in MS-Paint and these are:-

1. Rectangular selection tool 2. Free form selection tool

1. Rectangular Selection tool:- Students, this tool selects the picture in a rectangular form as shown in the figure-5.4 in page no-58. For this type of selection, we are going to follow some steps.

1. Draw any picture - like Mickey mouse is drawn in figure-5.4 on page no-58.

2. Select Rectangular selection tool.

3. Place the mouse pointer ^{just} outside the area to be selected.

4. Hold down the left mouse button while making the selection and drag.

5. When the object or picture is completely selected, then release the mouse button.

* children, Now, I am ending the lesson here, other tool we will study in next assignment. Please read assignment carefully. Thank You...
