CLASS-III

Subject- Computess

Teacher-

Rupinder Kaur

Chapter-5 → Fun with Paint

Good Morning Students,

Students, this lesson is of class 3 for the subject of Computess, Topic - 'Free form selection tool' which is covered in chapter-5, starting on page no.-58 of your text book, titled - Kips-logix 3 and is being submitted to you on 18.11.24

- All the students, May Now Please open page no.-58 in front of them.
- I hope all the students are ready for today's lesson, So let us start with topic - 'Free form selection tool'.

Children, All of you have already read about 'Rectangular Selection tool' in the previous assignment. Today, you will study about 'Free form Selection tool'.

This tool is used to select any part of the picture in an irregular shape.

One picture of Mickey Mouse is drawn in figure, you can select the nose as an irregular shape. After selecting any part you can drag that part to another location also.

CLASS-III Subject-Computers

Teacher- Rupinder Kaur

Chapter-5 → Fun with Paint

we are going to follow some steps for the use of free-form selection tool and the steps are:-

1. Select the free-form selection tool.
2. Now select the object by holding down left mouse button.
3. Release the mouse button after selecting any part.
4. Drag the selected part and observe the change.

Students, Next topic, you are going to study is present on page no- 59 in the book. And the topic is:-

- * Moving An Object:- Students, Moving means to change the position of the selected object from one place to another. for moving an object, we will study the following steps:-

1. Draw the picture of a car in a new file.
2. Now, save it with any name with save button.
3. Now choose select tool and select the picture with this tool.
4. A rectangle will appear around the picture.
5. click on cut option from Home tab.

CLASS - III

Subject - Computers

Teacher - Rupinder Kaur

Chapter - 5 → Fun with Paint

6. The selected picture will be removed from screen.
7. click on paste button or option from Home tab.
8. The object will appear on the top left corner of the screen.
9. Now, Drag this object anywhere on the screen.

* Students, All of you, May now take three minutes break. During break time, you will draw any one picture of your choice in the note book and colour it. Then, with the help of dark pen of any colour you will select small part of the picture and apply white colour on it. After completing the activity show this to your parents.

Children, three minutes break is over now. let us continue with the new topic of your book and the topic is present on page no. 60.

* Copying An Object:- Students, Copying means to make duplicate copies of the original picture. For this, we are going to follow some steps and you will also follow figure - 5.8 present in your book on page no. - 60

CLASS-IIISubject - ComputersTeacher - Rupinder KaurChapter-5 → fun with Paint

And the steps are:-
