The highlighted pronouns are called reflexive pronouns. The pronouns help us to give more importance to the subject (to whom we are talking about in the sentence) in the sentence.

Definition

Reflexive pronouns are words that refer back to the person, animal or thing. The words myself, yourself, himself, herself, itself, ourselves, yourselves and themselves are reflexive pronouns.

For example:

1. Kate fell and hurt herself.
2. We can do the project ourselves.
