Dear Ritu,

I hope you all are well and at the moment are working hard for your exams. I am fine and trying to adjust in the new place and new school.

I have enrolled at St. Joseph's Convent a school similar to ours. I have made some new friends too. They have helped me cope up with the class by providing the necessary class notes

and information about the topics which I missed earlier.

One of my class-mate is Manu, who stays in my locality. We have joined an art class together in which we have to attend every Saturday.

Give my love to all my class friends and regards to my teachers. Looking forward to hearing from you all.

Yours loving friend
Meetu.
