Notice: India–AI Impact Summit 2026 – AI Responsibility Pledge

Date: 16.02.2026

Dear Parents

You are hereby informed that the Ministry of Electronics & Information Technology, Government of India, is organizing the India–AI Impact Summit 2026 from 16 to 20 February 2026 in New Delhi.

As a part of this national initiative, India AI, in collaboration with Intel India, will attempt to achieve a GUINNESS WORLD RECORDS™ title for the “*Most pledges received for an AI responsibility campaign in 24 hours*” on 16–17 February 2026 (from 8:00 AM onwards).

All the students are encouraged to participate in the AI Responsibility Pledge Campaign and become responsible digital citizens.

How to Participate:

1. Visit: <http://aipledge.indiaai.gov.in>
2. Click on “Take the Pledge.”
3. Register using your Email ID or Phone Number (OTP verification required).
4. Complete the short quiz and take the digital pledge.
5. Download your digital badge after completion.

The students are encouraged to complete the pledge within the designated 24-hour window (16–17 February 2026).

Let us actively participate in this significant national initiative and contribute towards responsible and ethical AI adoption.

Thanks

Subject: India-AI Impact Summit - February 16-20, 2026 at New Delhi

Dear Principal,

This is with reference to letter no. INDAI/22/2026-INDAI dated 5 February 2026, received from the Ministry of Electronics & Information Technology, Government of India, regarding the India-AI Impact Summit scheduled to be held from February 16-20 in New Delhi. A copy of the letter along with the Concept Note is attached for your kind perusal.

In alignment with the vision of the Summit, IndiaAI, in collaboration with Intel India, will attempt to secure an official **GUINNESS WORLD RECORDS™** title for the **“Most pledges received for an AI responsibility campaign in 24 hours”** on **February 16-17, 2026**. This initiative aims to recognize large-scale participation through a nationwide **‘AI Responsibility’ Pledge** and is envisioned as a landmark global demonstration of collective commitment to the responsible, ethical, and human-centric use of Artificial Intelligence.

In this regard, all schools are requested to extend their support to this important initiative by:

- Widely disseminating information about the ‘AI Responsibility’ Pledge within the school community.
- Encouraging students, teachers and staff faculty to undertake the digital pledge during the designated 24-hour window (February 16-17, 2026) through the official link – aipledge.indiaai.gov.in

With warm regards,

Yours sincerely,

Dr. Joseph Emmanuel
Chief Executive & Secretary

DO No: INDAI/22/2026-INDAI

Dated: 05-02-26

Dear Sir/Madam,

As you are aware, the Ministry of Electronics and Information Technology is organizing the India-AI Impact Summit from 16–20 February 2026 in New Delhi. The Summit will be inaugurated by the Hon'ble Prime Minister, Shri Narendra Modi and is expected to bring together heads of States, global leaders, policy makers, researchers, industry experts and innovators. The Summit will focus on the Impact of AI across 3 key pillars—People, Planet and Progress—and would bring together all stakeholders to leverage AI for the larger social good.

2. Aligned with the vision of the Summit, IndiaAI, in collaboration with Intel India, will seek to attempt official **GUINNESS WORLD RECORDS™** title for “**Most pledges received for an AI responsibility campaign in 24 hours on February 16-17, 2026**” as recognition for large-scale citizen participation through a nationwide ‘AI Responsibility’ pledge. This initiative is envisaged as one of the most significant global demonstrations of collective commitment to responsible, ethical, and human-centric use of artificial intelligence.

3. The initiative represents a time-bound and high-impact national call to action to advance AI literacy, institutionalise responsible AI use, and reinforce public trust in emerging technologies.

4. In view of the above, you are requested to accord priority to this initiative and support its successful execution by:

- Widely circulating information on the ‘AI Responsibility’ pledge across partner organisations, affiliated institutions, departmental offices, and stakeholder networks.
- Encouraging officials, employees, and associated stakeholders to undertake the digital pledge from **February 16 – 17, 2026** (within the designated 24-hour window) through the official participation link – aipledge.indiaai.gov.in

5. Strong ecosystem collaboration and coordinated participation, reflecting a unified commitment to inclusive and trustworthy AI adoption, will be critical to the success of this national effort and to achieving a historic milestone for India in responsible and ethical AI adoption. For any queries, write to support@digitalreadiness.org.

A detailed **Concept Note** is enclosed for reference.

With Regards,

Yours sincerely

(Abhishek Singh)

AI Responsibility Pledge campaign

Background

The India AI Impact Summit 2026 is a global convening to shape the future of inclusive, responsible, and resilient Artificial Intelligence (AI) hosted by the Ministry of Electronics and Information Technology (MeitY), Government of India under the IndiaAI Mission. The summit brings together global leaders, policymakers, tech innovators, industry executives, researchers, startups, and civil society to discuss and advance an impact-oriented and people-centric approach to Artificial Intelligence, with emphasis on delivering measurable social and economic outcomes.

Aligned with this vision, IndiaAI, in collaboration with Intel India, will attempt an official **GUINNESS WORLD RECORDS™** title for the **“Most pledges received for an AI responsibility campaign in 24 hours”** on **February 16-17, 2026, 8AM IST** onwards, in India. This nationwide ‘AI Responsibility’ Pledge is envisioned as a large-scale citizen-led movement promoting the responsible, ethical, and human-centric use of Artificial Intelligence, while building awareness, trust, and accountability in emerging technologies.

The initiative aims to strengthen AI readiness and promote responsible use of AI across India. As one of the largest efforts focused on responsible digital citizenship, it highlights India’s commitment to ethical and inclusive AI. Through a 24-hour national digital pledge, citizens from different regions, age groups, and backgrounds - especially youth - are encouraged to support trustworthy AI, data privacy, responsible technology use, and the fight against misinformation.

Participants will receive an honorary badge from IndiaAI and Intel, followed by an opportunity to explore various government-led AI learning pathways.

Who can participate?

Students across all age groups	Educators and academic leaders	Parents and guardians
General citizens from diverse backgrounds	Government officials and public-sector representatives	Members of the workforce across industries

How to participate?

Below are the easy-to-follow steps to participate in the AI Responsibility campaign -

1. Visit <http://aipledge.indiaai.gov.in/>
2. Scroll down and click on the “Take the Pledge” button to get started.
3. Complete your registration by entering your Full Name (for badge generation) and selecting your preferred mode of registration – Email ID or Phone Number.
4. Please note that an OTP will be sent to the mode of registration you choose for authentication purposes. This information will not be shared with anyone.

5. Enter the OTP received on your Email ID / Phone Number, complete the human verification and click on the "Submit" button.
6. Answer a few short, scenario-based multiple-choice questions to gauge your knowledge on the responsible use of AI.
7. Post completion of the quiz, you will be redirected to the digital pledge.
8. Click on the "Take Pledge" button and read it along with the computer.
9. Once it is done, click on the "Complete pledge" button and your badge will get generated.
10. Click on the "Download your Badge" button. You may also share your badge on social media.
11. Congratulations! You have now completed the digital pledge and have become a Responsible AI citizen.

Note

- There are no passing marks as criteria for going to the next question/step.
- There is no microphone or camera access required to take the digital pledge.
- **Tip:** You can also explore Featured Learning Initiatives on the platform to continue your AI skilling journey.
